# AI Readiness Report

[nextgendigitalstudio.com](https://nextgendigitalstudio.com)

# 70%

Getting there - some improvements needed.

✓ 8 Passed ⚠ 1 Warnings ✗ 3 Failed

## Detailed Results

✗ **llms.txt** (AI Discovery)  
No llms.txt file found

### How to fix:

Create /llms.txt with: # Your Site Name\n> Brief description\nKey info about your business, services, and what AI should know. See [llmstxt.org](https://llmstxt.org) for full spec.

✗ **agents.json** (AI Discovery)  
No agents.json file found

### How to fix:

Create /.well-known/agents.json with: {"schema\_version":"1.0","name":"Your Site","description":"What your site does","capabilities":["search","contact"],"contact":{"email":"[email@example.com](mailto:email@example.com)"}}

✓ **AI Robots Rules** (AI Access)  
AI agent rules configured

✓ **XML Sitemap** (AI Discovery)  
XML sitemap found

✓ **Schema.org Markup** (AI Understanding)

JSON-LD structured data found

✓ **Semantic HTML** (AI Understanding)

Good semantic HTML structure

⚠ **Meta Description** (AI Understanding)

Meta description too long

**How to fix:**

Keep meta description between 50-160 characters. Front-load important keywords. AI uses this as your page summary.

✓ **Heading Structure** (AI Understanding)

Good heading hierarchy

✗ **Image Alt Texts** (AI Understanding)

Most images missing alt text

**How to fix:**

Add alt="" to all tags. Describe what's in the image:  Our team of 5 developers in the office. Be specific, not generic.

✓ **Open Graph Tags** (AI Understanding)

Complete Open Graph metadata

✓ **HTTPS/SSL** (AI Security)

Site uses HTTPS

✓ **Page Speed** (AI Performance)

Fast response time

**Need Help Getting AI Ready?**

Our team can implement llms.txt, agents.json, and optimize your site for AI agents.
